

# The RollingClones- Big Beat Entertainment

**While not quite of the same vintage, The Rolling Clones have been entertaining crowds across the world for more than twenty years, distilling the show down to a pure hit of Rock 'n' Roll, with a chaser of sequined Glam.**

With a setlist that covers the early days of the Rhythm and Blues, through to the excesses of the 70s, The Rolling Clones' Rock 'n' Roll show is a meticulously researched, truly faithful interpretation of the Stones' live show, with a brass section and wailing siren of a female vocalist, if your budget suits! Together with colourful costumes and imaginative smoke and lighting effects.

Each performance is delivered with a smirk and a wink, recalling the mischief making of Jagger & Richards, keeping us true to the spirit of the originals. The band is very well suited to private and corporate functions, as well as cabaret.

The Rolling Clones, without question, **THE** Rolling Stones tribute band.
